Kid's Step Stool — Assembly Instructions

Please read these instructions carefully before assembly. Check that all parts are present before you start.

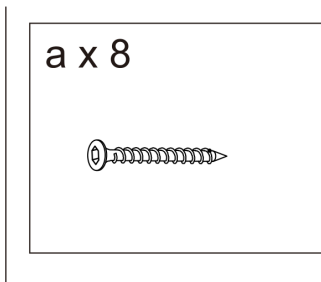

1. Parts List

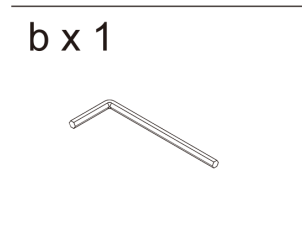

Part 1 — Top panel (x1)

Part 2 — Side panel (x2)

Part a — Screw (x8)

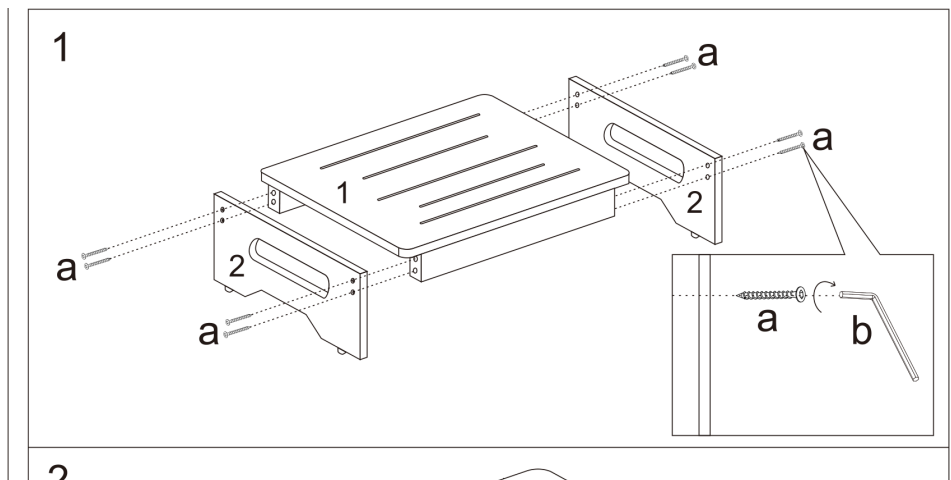

Part b — Hex wrench (x1)

Part b is the hex wrench used for assembly. Keep it for future use.

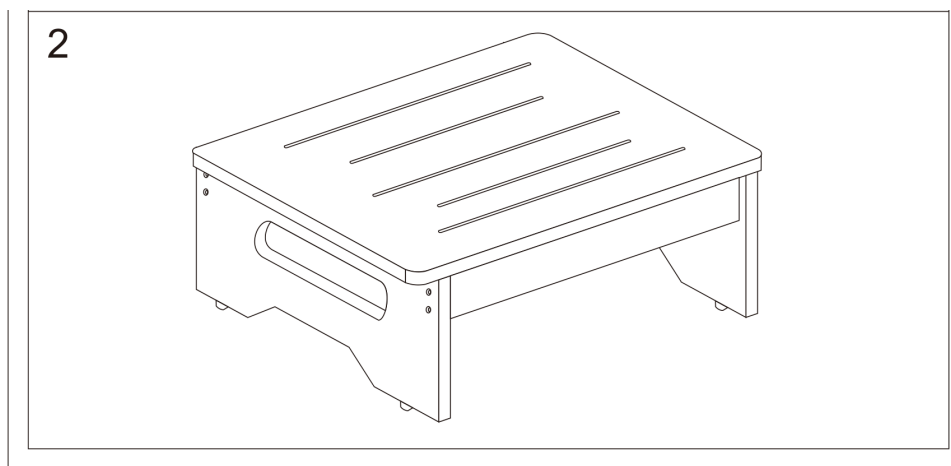

2. Assembly Instructions

Step 1

Step 1. Attach the side panels (Part 2) to the top panel (Part 1). Tighten the screws (Part a) with the hex wrench (Part b), turning clockwise as shown.

Step 2

Step 2. Check that all connections are secure. The step stool is now ready to use.

If any parts are missing or damaged, please contact us through Amazon Customer Service. Keep this manual for future reference.
